QUALITY POLICY

In the achievement of our goal **to provide complete satisfaction by supplying visibly superior quality products, we will ensure that our products are of value.** We believe that the objectives we set and review for quality will be achieved through establishing and **maintaining quality systems, using quality suppliers and applying quality employees** with know-how towards the latest technology, the most appropriate materials and well-maintained equipment.

In order to differentiate our quality product, we will **provide full technical advice and backup** of our products as well **as assist our contractor customers** with drawing up work schedules and specifications.

We are committed to **contributing toward sustainable development** by developing and producing enviro-friendly water based products. In addition, we are committed to **ensuring the health and safety of employees and** the responsible management of our **environmental impact.**
